Barn Notes

First Starters, not FFA Dominate Entry Box

June is a time for education here in the Badger State! Of the 46 horses that raced at our June 18th race meet, exactly half (23 horses) were first time starters!

At the Mineral Point Matinee last weekend, 64% of the 28 horses that raced were first or second time starters!

It seems as Free For All Pacers are in short supply. With only four entered at the first meet, and two entered at the Mineral Point Matinee last weekend, it could prove to be an easy summer for Fox Valley Windy and Whose Your Daddy-O.

King Stanley

Old Man Finds Youth

Last year King Stanley proved to be a crowd favorite as the 12 year old kept scoring victories in the Free For All Paces throughout the racing season. As we enter 2011, *Stausch*, as he is often referred to by those close to him, has been training down in a way he never has before – on the TROT! Yes that's right, this seasoned veteran has been going at it in the diagonal gait all spring. Now we see him in the first race, a trotting race where he has \$0 on his racing card. Keep those eyes peeled to make sure that diagonal gait doesn't switch into a side-wheeling pace!

See You Back Here in September!
Sept. 3rd & 4th – Post time: 12:00 pm

Back To The Track

Only in Wisconsin would trainers think of pulling horses from the lush green pasture to take them Back To The Track! In this afternoon's 7th race Free For All adventure, we see a pair of horses that have had a combined 41 months of rest and relaxation.

WHO'S YOUR DADDY O is a classy 10 year old roan veteran who has earned over \$92,000 for the DeLong Stable. He was last seen in action during Running Aces Harness Park's 2009 race meet. After two years of being fat and sassy, he was seen pacing free legged a little too fast one day ... the result of Daddy O's feeling so good ... BACK TO THE TRACK!

DO ME BLISS is a lightly raced 5 year old gelding who was never truly put to the test to become as rich as Daddy O. Trainer Susan Schroeder was given the opportunity to purchase *Big Butt* as he's referred to, and jumped at the opportunity to take in a horse that hasn't raced in 18 months. As a result, she formed Bucket List Racing Stable and hopes that the young boy will be able to help some future horse fans cross owning a race horse off their bucket list!

Who's Your Daddy O
